Barcelona, 5 December 2025.- SIL Barcelona, Spain's leading trade fair for the Logistics, Transport, Intralogistics and Supply Chain sectors, as well as one of the world's major benchmarks, organized by the **Consorci de la Zona Franca de Barcelona (CZFB)**, is present this week at the 26th edition of the FITAC International Congress, the Colombian Federation of Logistics Agents in International Trade, held from December 3 to 5 in Cartagena de Indias, Colombia.

The State's Special Delegate at CZFB and President of SIL, **Pere Navarro**, and the General Director of CZFB and SIL, **Blanca Sorigué**, visited the SIL Barcelona stand, where the 28th edition of the trade fair—taking place from June 3 to 5, 2026—is being promoted, with the aim of reaffirming its international role as a business bridge in the logistics sector between the Mediterranean and the Atlantic and attracting the participation of Latin American companies in the event

During the visit, **Pere Navarro** emphasized *“the importance of actively participating in forums such as FITAC, one of the most important congresses in Latin America, which serves as a meeting point for key institutional players and executives in the logistics and foreign trade sectors, where we undoubtedly need to be present.”*

For her part, **Blanca Sorigué** referred to the “*close and long-standing relationship between SIL Barcelona and FITAC, being one of our strategic alliances in Latin America and a valuable partner for the trade fair. We look forward to continuing to work hand in hand and celebrating many achievements together.*”

Likewise, both are also participating in the academic program of the congress as international speakers. **Pere Navarro** was one of the invited authorities at the opening ceremony and also spoke at the conference on “Barcelona’s Vision: Building the New Digital Ecosystem for International Trade.” Meanwhile, **Blanca Sorigué** meanwhile is participating in the panel “Building Competitive Advantage Through Diversity and Innovation.”

SIL 2026: More innovation

Having closed its latest edition with 15,134 visitors, 650 participating companies—30% of them international—250 events, and 163 world-exclusive innovations, SIL Barcelona is preparing for its 28th edition, more innovative than ever, featuring new formats, new content, and new participating companies.

Following the integration of AI into its digital platform—which enabled 7,363 contact exchanges and 12,177 messages between attendees—and the implementation of new features such as the Smart Agenda and the virtual assistant SILvIA, SIL Barcelona is focusing its efforts on introducing innovations that create real business opportunities, high-level connections, and valuable content, so that industry professionals can respond and adapt as quickly as possible to the major changes taking place in the sector’s day-to-day operations.

About the Consorci de la Zona Franca de Barcelona

The Consorci de la Zona Franca de Barcelona (CZFB) is a public entity that acts as a driving force for technological and industrial development, supporting companies in their transition to the digital era. This stems from the CZFB’s strategic vision to lead Industry 4.0. It promotes the District 4.0 by fostering the transformation of Industry 4.0 from the DFactory Barcelona technological ecosystem, and it champions innovation through initiatives such as the 3D Incubator and the Logistics 4.0 Incubator. The CZFB connects the new economy with its key socioeconomic sectors. It also organizes major economic events in Barcelona, including SIL, the largest logistics trade fair in Spain and Southern Europe, as well as flagship events with innovative formats such as the Barcelona New Economy Week (BNEW) and the Barcelona Woman Acceleration Week (BWWA). The CZFB’s plenary includes representatives from the Spanish Government, the Government of Catalonia, the Barcelona City Council, and the city’s leading economic institutions.
